

Annie's Song - John Denver (capo 2nd fret to match original)

Verse:

C                    F   G            F                    C            Am  
You fill up my senses        like a night in the forest,  
  
                                 F   G            F                    G  
Like the mountains in springtime,        like a walk in the rain,  
  
                                 F   G            F                    C            Am  
Like a storm in the desert,        like a sleepy blue ocean.  
  
                                 F   G            F   G            C  
You fill up my senses.        Come fill me again.

Chorus:

C                    F   G            F                    C            Am  
Come let me love you.        Let me give my life to you.  
  
                                 F   G            F                    G  
Let me drown in your laughter.        Let me die in your arms.  
  
                                 F   G            F                    C            Am  
Let me lay down beside you.        Let me always be with you.  
  
                                 F   G            F   G            C  
Come let me love you.        Come love me again.

Verse:

C                    F   G            F                    C            Am  
You fill up my senses        like a night in the forest,  
  
                                 F   G            F                    G  
Like the mountains in springtime,        like a walk in the rain,  
  
                                 F   G            F                    C            Am  
Like a storm in the desert,        like a sleepy blue ocean.  
  
                                 F   G            F   G            C  
You fill up my senses.        Come fill me again.
